**HEBER PUBLIC UTILITY DISTRICT REPORT TO BOARD OF
DIRECTORS**

MEETING DATE: September 19, 2024

FROM: Madeline Dessert, General Manager

SUBJECT: Adopt Resolution Number 2024-10 Adopting Reserve Guidelines and Budget for Fiscal Year 2024-25

ISSUE

Shall the Heber Public Utility Board of Directors adopt Resolution Number 2024-10 to adopt the financial reserve budget for FY 2024-25?

GENERAL MANAGER'S RECOMMENDATION:

Adopt Resolution Number 2024-10 to adopt the financial reserve budget for FY 2024-25.

FISCAL IMPACT: NONE

Adopting Resolution 2024-10 will establish a reserve budget to allocate Fund Balance for FY 2024-25 to ensure adequate funding to meet the District's short-term and long-term plans. Following the guidelines will also minimize adverse annual and multi-year budgetary impacts from anticipated and unanticipated expenditures, thus minimizing the possibility of unplanned service fees or rate fluctuations. The guidelines help HPUD to strengthen our financial stability against present and future uncertainties in an ever-changing environment.

DISCUSSION:

There are many factors that must be considered when establishing an appropriate fund balance and ensuring the prudent management of the District's finances. We must first define the District fiscal objectives. According to the adopted Policy Manual Policy Number 3035.2.7, the HPUD Board should approve the appropriate levels and uses for reserve funds based on the needs of the District during the budget adoption process. The HPUD reserve funds are categorized into the following: Capacity Fees, Capital Reserve Funds, Debt Service Reserve Funds, Capital Replacement Reserve Funds (Short Lived Assets), Operating and Maintenance Reserve Funds, and Unrestricted Reserves.

We must also identify where the funds are to be used. Operating revenues are the general-purpose funds through which ongoing activities are funded. Special purpose revenues are legally restricted for a particular use; for example, revenues from Capacity Fees. Debt proceeds should be used to fund costs that provide a benefit across fiscal years. The issuance of debt allows the District to allocate these costs by spreading the debt service to these periods. Establishing a Debt Reserve helps to ensure that the District has sufficient funds necessary to meet the debt payment. Additionally, a Debt Reserve is often a requirement of the lending agency.

There are several components of Fund Balance that were recently redefined in GASB Statement No. 54 which changes the focus to the "extent to which the government is bound to honor constraints on the specific purposes for which amounts in the fund can be spent" and establishes five different components of fund balance.

- 1) Non-spendable Fund Balance: This category is inherently non-spendable, such as the long-term portion of loans receivable, the principle of an endowment, and inventories.
- 2) Restricted Fund Balance: This classification has externally enforceable limitations on the use of fund balance, imposed by parties such as creditors, grantors, laws or regulations of other governments. This category includes the Debt Service Reserve Fund for Water and Wastewater Funds and Capital Replacement Reserve Fund (Short Lived Assets).
- 3) Committed Fund Balance: This encompasses limitations imposed by the District upon itself at its highest level of decision making, which is the Board through a Resolution. This category includes our Capital Reserve Fund and will be created in all District Funds.
- 4) Assigned or designated Fund Balance: This portion is earmarked for an intended use. The intent is established at the highest level of decision making. For example, a share of fund balance might be assigned to offset a gap in the budget stemming from a decline in revenues or an allotment could be assigned for an upcoming special project. This category includes our Operating and Maintenance Reserve Fund.
- 5) Unassigned Fund Balance: This comprises all fund balances that are left after considering the other four categories.

When establishing Reserve Guidelines, the District considered the District' core business and significant cost drivers for District operations. We have reviewed these core business cost drivers in the Budget document.

The HPUD Board recently adopted a Strategic Plan, which established goals and priorities for the District. Goals A, B and C are represented in the Capital Improvement Project List and the proposed expenditures for FY 2024-25 capital projects are listed in the Reserve Resolution.

The Reserves presented are consistent with the Reserve Policies and Guidelines and in the Policy Manual. Establishing reserves lets the HPUD designate money toward savings in order to balance our budget, respond to emergencies, keep rates affordable, maintain current infrastructure, and plan for future public projects.

The table below details the proposed Reserve Funds by category for FY 2024-25

CONCLUSION:

It is recommended that the Board review the Reserve Budget and finding no changes, adopt Resolution 2024-10 to establish a Financial Reserve Budget for FY 2024-25.

ALTERNATIVES:

1) Do not adopt Resolution 2024-10 to adopt the Reserve Budget for FY 2024-25 and provide direction to staff to make changes and bring it back in October.

2) Provide alternate directions to staff.

Respectfully Submitted,
Madeline Dessert, General Manager
