

RESOLUTION NO. 2025-06

**AN ORDINANCE OF THE HEBER PUBLIC
UTILITY DISTRICT AMENDING RESOLUTION
NUMBER 2021-08 MODIFYING CERTAIN
WASTEWATER RATE**

WHEREAS, the Board of Directors of the Heber Public Utility District (District) passed, approved, and adopted Ordinance Number 2021-08 on the 15th of July 2021; and

WHEREAS, Ordinance Number 2021-08 took into effect on July 15th, 2021

WHEREAS, subsequent review has determined that Ordinance Number 2021-08 contained a scrivener's error; and

WHEREAS, the error was unintentional and does not reflect the intent of the Board at the time of adoption; and

WHEREAS, the Board desires to correct this clerical error to ensure the resolution is accurate and consistent with the Board's original intent.

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Heber Public Utility District as follows:

1. Ordinance Number. 2021-08 is hereby amended to correct the scrivener error.
2. Except as corrected by this Ordinance, all provisions of Ordinance Number 2021-08 shall remain in full force and effect.
3. The District's Board Secretary is directed to update the official record to reflect this correction and ensure the corrected resolution is maintained in the District's permanent files.

PASSED AND ADOPTED by the Board of Directors of the Heber Public Utility District on this 21st of August, 2025, by the following vote:

Heber Public Utility District

Report to the Board of Directors

MEETING DATE: August 21, 2025

FROM: Madeline Dessert, General Manager

SUBJECT: Adopt Resolution Number 2025-06 Correcting Scriveners Error on Resolution 2020-15

ISSUE:

Shall the Heber Public Utility Board of Directors adopt Resolution Number 2025-06 correcting scriveners' error on Resolution 2020-15.

GENERAL MANAGER RECOMMENDATION:

Adopt Number 2025-06 correcting scriveners' error on Resolution 2020.

FISCAL IMPACT: None.

Adopting Resolution 2025-05 will not impact the FY 2025-2026 budget as it included the revenue projections based on the correct residential water and sewer rates.

DISCUSSION:

The Resolution 2020-15 that was adopted on July 16, 2020 had a clerical error [Scriveners Error] that needs to be corrected. The Sewer Rates are listed as Water Rates. In order to prevent any confusion between the two rate sheets, it is recommended the scriveners error be corrected.

CONCLUSION:

The Resolution 2020-15 that was adopted on July 16, 2020 had a clerical error [Scriveners Error] that needs to be corrected. The Sewer Rates are listed as Water Rates. In order to prevent any confusion between the two rate sheets, it is recommended the scriveners error be corrected.

ALTERNATIVES:

- 1) Do not adopt Resolution 2025-06 and provide direction to staff.

Respectfully Submitted,

Madeline Dessert, General Manager

Attachment: Resolution Number 2020-15

RESOLUTION NO. 2021-08

**A RESOLUTION OF THE HEBER PUBLIC
UTILITY DISTRICT MODIFYING WATER
AND SEWER UTILITY RATES FOR FISCAL
YEAR 2021-2022 DUE TO ECONOMIC
IMPACTS FROM COVID-19 PANDEMIC**

FACTUAL BACKGROUND AND REASONS FOR ACTION

The coronavirus outbreak of 2019 through 2020 poses a tremendous challenge to Heber Public Utility District, County of Imperial, California, the nation and the global community. The economic toll on self-employed, small business owners, and wage and salary workers are expected to be very significant. All classifications of employees are experiencing lower income levels and many have applied for unemployment.

Heber is a small rural community that has the State of California designation as a disadvantaged community. *Disadvantaged communities refer to the areas in California which most suffer from a combination of economic, health, and environmental burdens. These burdens include poverty, high unemployment, air and water pollution, presence of hazardous wastes as well as high incidence of asthma and heart disease (California Government Public Utilities Commission).*

In 2017, the Heber Public Utility District completed a water and sewer rate study, and as a result, adopted a five-year rate schedule for water and sewer services. The RESIDENTIAL water and sewer rates from Fiscal Year 2020-21 to Fiscal Year 2021-22 was scheduled to increase a total of \$7.07 per month. This amount does not include the trash rate increase that is allowed annually according to the Franchise Fee Agreement with CR&R.

The Heber Public Utility District contracts with CR&R for trash hauling services, and CR&R was not willing or able to reduce their rate increase, thus the legally approved rate increase of \$0.24 per month will be applied to the trash service for Fiscal Year 2021-22.

The Heber Public Utility District desired to minimize the RESIDENTIAL water, sewer and trash rate increase per month to reduce the economic hardship many of are of our residents may be facing due to COVID-19 pandemic.

The Heber Public Utility District Board of Directors has adopted Resolution 2021-03 to adopt a budget for Fiscal Year 2021-2022. The budget is based on certain expenditure requirements, including debt payments, interest payments, salaries, benefits and operating costs. The Heber Public Utility District adopted a budget to minimize expenditures by deferring maintenance on certain assets, reducing reserve funds for capital outlay, and postponing capital projects. This action was taken so that the Heber PUD Board could minimize the water and sewer rate increase for FY 2021-2022.

The water rate, for SINGLE FAMILY RESIDENTIAL 1” METER OR LESS customers will increase \$1.83 per month. The sewer rate, for RESIDENTIAL 4” SERVICE CONNECTION customers will increase \$1.83 per month. This totals \$3.66 increase for water and sewer for residential customers per month. This amount along with the trash rate increase of \$0.24 totals \$3.90 per month increase on all utilities provided by the Heber Public Utility District.

All other rates and fees adopted via Ordinance 2017-3 and Ordinance 2017-4 remain in force and are not subject to change.

ACTION

WHEREAS, in said fiscal year beginning July 1, 2021, the Single Family Residential Water Rate shall be modified to \$62.08 per month as described in the Rate Schedule attached as Exhibit “A”; and

WHEREAS, in said fiscal year beginning July 1, 2021, the Fixed Sewer Service Charge for a 4” Connection shall be modified to \$61.28 as described in the Rate Schedule attached as Exhibit “A”; and

WHEREAS, in said fiscal year beginning July 1, 2021, all other water and sewer monthly rates for all customer classes, meter size, connection size, and for outside service area customers remain the same; and

WHEREAS, in said fiscal year beginning July 1, 2021, the water and sewer volumetric charges, rates for Private Fire Lines and Temporary Hydrant Meter charges will be as defined in Ordinance 2017-03 and Ordinance 2017-04.

NOW, THEREFORE, THE BOARD OF DIRECTORS OF THE HEBER PUBLIC UTILITY DISTRICT, DOES HEREBY RESOLVE AS FOLLOWS:

1. That the foregoing is true, correct and adopted.
2. That the Board of Directors Adopts the Modified Single Family Residential 1” meter or less Water Rate for FY 2021-2022 at \$62.08per month.
3. That the Board of Directors Adopts the Modified Residential 4” Connection Sewer Rate for Fiscal Year 2021-2022 at \$61.28 per month.
4. That the Board of Directors of the Heber Public Utility District does hereby adopt this Resolution approving the modified water rate for Single Family Residential 1” meter or less, and the modified Residential 4” sewer connection rate for Fiscal Year 2021-2022.
5. That the modified rates as adopted and approved via this Resolution 2021-08 shall be effective July 1, 2021.

6. That the President of the Board of Directors of the Heber Public Utility District is hereby authorized to sign said Resolution, a copy of which is on file at the District office and attached to this document as Exhibit "A".
7. All other terms, conditions, fees and rates contained in Resolution Number 2017-3 and 2017-4 remain in full force and effect.
