RE: Service Area Plan Update Proposal to Provide Professional Services

Dear Ms. Dessert,

The Heber Public Utility District (HPUD) Service Area Plan (SAP) was last updated in January 2018. State Law under the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 requires that the Imperial County Local Area Formation Commission (LAFCo) conduct a Municipal Service Review (MSR) every 5 years which is facilitated through the SAP Update process. It has been more than 7 years since the last update. The SAP is a comprehensive study designed to better inform LAFCo, HPUD, and the community about the provision of municipal services such as water treatment and distribution, wastewater collection and treatment, law enforcement, fire protection, and other similar municipal services. SAP's attempt to capture and analyze information about the governance structures and efficiencies of service providers and to identify opportunities for greater coordination and cooperation between providers. An up-to-date SAP is required to facilitate the expansion of HPUD's Sphere of Influence and to annex areas into HPUD's service boundary.

PROPOSAL

The Holt Group (herein referred to as "Consultant") would like to take this opportunity to extend our expertise and services to develop a Service Area Plan that meets the needs of the Heber Public Utility District and the statutory requirements for compliance. The Holt Group, Inc. agrees to provide the following services for specified costs to the Heber Public Utility District (herein referred to as "Client") and to provide planning and engineering services for the preparation of a Service Area Plan, upon acceptance by Client. The Scope of Work is further detailed on the following page.

SCOPE OF WORK FOR PREPARTION OF A SERVICE AREA PLAN

I. Preparation of a Service Area Plan in accordance with California Government Code Section 56430 and LAFCo's Service Area Plan Guidelines

A. The existing Service Area Plan shall be comprehensively updated. The following sections shall be addressed in the update.

1. Executive Summary

This Section shall summarize the conditions proposed by the plan and shall also summarize on how the facilities will be financed. Information shall be presented in table format and shall be included for each service category. Table data will summarize the various facilities, their costs and anticipated methods of financing.

2. Introduction

This Section shall provide an introduction to the Heber PUD community and will include an introduction of the format and content of the plan.

3. Demographic Analysis and Projections

This Section will identify land uses and discuss the potential development within the District's existing limits along with itemizing existing, developing and future land uses, within the Sphere of Influence. This section will also project how and when development is most likely to be phased throughout the next 20 years. The intent of this section is to provide an additional planning tool that may allow the District to anticipate future public facility needs and to budget moneys for the potentially needed improvements.

4. Public Services

A complete description and analysis shall be provided of the applicable services provided to the community as follows: **Administration, Fire, Law Enforcement, Library, Parks and Recreation, Schools, Transportation, Sanitary Sewer, Domestic Water, and Stormwater.** The analysis shall identify existing facilities, personnel, and existing and projected demand for each of the services identified. Mitigation and Financing will be incorporated into each respective discussion for the following: Financing plans would only be applicable for those services under the responsibility of HPUD, otherwise, Imperial County responsibility would be identified.

Example Outline of Part 5 for each identified Service shall be as follows:

Service Facility

Performance Standard

Facility Planning and Adequacy Analysis

Inventory of existing facilities

Inventory of approved facility

Buildout demand for facility

Phase of facilities

Mitigation

Financing

A summary of how each Public Service section will be delivered is described as follows:

<p>Administration –Existing levels of administrative services and facilities will be discussed and assessed by the Consultant including any plans for relocation.</p>
<p>Domestic Water – Updates to existing Service Area Plan shall be based on recent capital improvements associated with the Water Treatment Plant expansion project. Additionally, water pipeline conditions and needs will be elaborated upon. Exhibits shall be updated.</p>
<p>Sanitary Sewer – Updates to existing Service Area Plan will be based on recent capital improvements associated with the Wastewater Treatment Plant Expansion Project. Additionally, manhole and wastewater pipeline deficiencies shall be elaborated upon. Exhibits shall be updated and possible addition of manhole replacement map may be added depending on level of need.</p>
<p>Parks and Recreation – Parks and Recreation facilities and services will be updated to reflect current demands and deficiencies.</p>
<p>Stormwater – System deficiencies associated with flooding of pedestrian and streets will be mapped to facility discussion with Imperial County and/or Caltrans.</p>
<p>Transportation – Transportation facilities and infrastructure are under the responsibility of Imperial County. Information will be obtained from Imperial Public Works and incorporated into the SAP.</p>
<p>Fire Protection – Fire Services are provided by Imperial County. Information will be obtained from Imperial County Fire Department to update SAP.</p>
<p>Law Enforcement – Law Enforcement Services are provided by the Imperial County Sherriff. Information will be obtained from Imperial County Sherriff's office to update the SAP.</p>
<p>Library – Library Services are provided by Imperial County. Information will be obtained from Imperial County Librarian to update the Service Area Plan.</p>
<p>Schools – Educational Service information will be obtained from Heber Unified School District's most current Master Plan and updates will be incorporated into the Service Area Plan.</p>

5. Financing Plan

This Section shall provide a summary of the financial alternatives available to fund each facility and discussion of the potential development impact on District finances. The Consultant will work closely with the Client’s Finance Officer to obtain the necessary information.

6. Appendices

Technical materials shall be provided that were utilized during the preparation of the Service Area Plan.

II. Supplemental and Supportive Planning Services

A. The Consultant shall provide all required technical and support services as follows:

1. Prepare Administrative draft for internal review and comment.
2. Coordinate LAFCO review and approval of the proposed updates.
3. Schedule and hold a Public Hearing: prepare, set and distribute a Public Hearing Notice.
4. Prepare a Staff Report for the Heber PUD Manager and Board including findings and recommendations.

III. Compliance with the California Environmental Quality Act (CEQA)

In accordance with CEQA, a Notice of Exemption shall be prepared and filed with the County Recorder.

IV. Project Schedule

The Holt Group’s goal is to provide a user-friendly document, with visual exhibits that support findings, using existing and accurate data as available and extending ample opportunity for input from other agencies, interested parties and District Staff. In order to prepare the document, conduct required public hearings, coordinate meetings with the general public, District staff, and present final work products to the Heber Public Utility District, an approximate four (4) month planning term will be required.

V. Cost Estimate and Proposal

It is anticipated that the team to be assigned to this project will consist of engineers and planners with extensive experience in preparing Service Area Plans, Water and Wastewater Master Plans, and other similar projects. The project manager for the Service Area Plan update will be Mr. George Galvan, AICP who has over 27 years of experience in the municipal planning.
